SUMMIT EMBLEM

Symbolize the Summit

Dear Friend of Worth Ranch,

Thank you so much for supporting the Worth Ranch Strong fundraiser. Your purchase helped turn our Scouting community's concern for Worth Ranch into meaningful support, and I am grateful that you chose to be part of it.

In 2018, my childhood Scout camp, Camp Bob Hardin, was lost to flooding while I was there attending our Order of the Arrow lodge's Spring Fellowship. That experience has stayed with me, and I have felt a deep connection to Scouts, Scouters, and councils facing a similar loss ever since. The friendships we build and the memories we make at camp turn a place into a home away from home. I know how difficult it is to lose a place that holds so much of your story.

When I founded Summit Emblem, I wanted giving back to the Scouting community to be part of its purpose. After learning of the Ross Fire's impact on Worth Ranch, this fundraiser offered a way to put that commitment into action. Creating the patch was our way of helping; your support is what made the effort possible.

Together, we sold 1,411 patches, raising over $10,000 in net proceeds, all of which will be donated to Longhorn Council. Those funds will support the council as it responds to the fire's impact and determines the next steps for Worth Ranch. Thank you for helping make that contribution possible.

The QR code on the back of each patch links to summitemblem.com/worth-ranch. There, you can learn more about the place behind the patch and the fundraiser's impact, find links to recovery updates, and explore ways to continue supporting Longhorn Council.

Thank you for helping us give back to a community that means so much to me. If Summit Emblem can ever help with a project of your own, I would welcome the opportunity. Whether you have a finished design or just an idea, please feel free to reach out.

Yours in Scouting,

G. Cole Taylor
Eagle Scout 2015, Palmetto Council
